

Local Association Report Form for Coordinating Council Reports

In order for other associations to be aware of what is happening in your school district or association, a time is provided on the agenda of the Coordinating Council meetings for each delegate to introduce themselves and briefly share any good (positive) news; any problems or grievances pending; bargaining updates, or any concerns you may have that you would like some input from other members. This is not meant to be a “gripe” session. This form is intended to make it easier for you to give this report as you can talk with your President ahead of time and fill it out.

Name: _____ Association: _____
